

# Introducing **EdSafe Training**

Manual, fragmented or generic compliance training can make staff safety training difficult to manage, or disconnected from the actual risks schools face, or both.

**EdSafe Training modules are customised to suit each ESN member**, enabling:

- + School-selected school-context safety training content from ESN, the school and others
- + User-friendly training delivery and secure records management
- + Ongoing personalised service, support and training currency maintenance

## **What members using *EdSafe Training* modules appreciate**

- ✓ Custom-configured to suit school system, operations and staff safety needs
- ✓ Safety and wellbeing training content is school-specific with flexible delivery options
- ✓ Training development and administration effort, cost, and workload are reduced
- ✓ Training records and certificates are easy to manage
- ✓ Deployment is single sign-on through schools' own intranets, portals or systems
- ✓ ESN hosting and personalised support services provide practical help and value

## **The *EdSafe Training* setup process**

- Member selects training content from ESN, internal school and external sources
- ESN configures and provides the member's dedicated *EdSafe Training* module
- School staff access *EdSafe Training* through the member's chosen internal access point
- Training records are managed by the member through the EdSafe Training Admin Centre
- Member retains direction and control over training resources and records
- ESN maintains *EdSafe Training* module, content currency and support

## Members determine the EdSafe Training content to include:

- ✓ From the full ESN suite of safety training programs, videos and factsheets
- ✓ To suit school systems, plans and staff safety and wellbeing needs
- ✓ Initially, and continuing as school training plans and needs develop
- ✓ Content informed by schools; built for schools; improved by school feedback

## Choose from interactive e-Learning programs:

### Equip staff to work safely

e.g. Induction, Manual Tasks, Chemicals, Stress, Fire

### Equip leaders to manage safety

e.g. Psychosocial, Consultation, Risk, Due Diligence

### Equip students to learn safely

e.g. Curriculum Risk, Concussion

## Select from short training videos:

### Guide staff to work safely

e.g. Psychosocial; Slips, Trips, Falls; Electrical; Ergonomics

### Guide teachers to supervise safety

e.g. Fire Evacuation, Effective Risk Assessments

### Guide students to respond safely

e.g. Vaping (secondary), Discarded Syringes (primary)

## Draw from Safety Snapshot factsheets:

### Help staff to avoid harm from hazards

e.g. Fatigue, Microbes, Violence, Falls, UV, Plant etc

### Help teachers to prevent harm from hazards

e.g. Digital, Allergies, Bullying, Concussion etc

### Help students to learn safely around hazards

e.g. Sports, Woodwork, Science, Outdoor Ed etc
